Varia Elegance

La decorazione sartoriale viene richiamata attraverso due bottoni che arricciano la parte centrale della zona posteriore dello schienale creando un gioco di forme molto simili a un abito.

The sartorial decoration is recalled through two buttons that curl the central part of the back area creating a game very similar to a dress.

La décoration vestimentaire est rappelée au moyen de deux boutons qui enroulent la partie centrale du tissu du dos pour créer un jeu très similaire à une robe.

Varia elegance coniuga la decorazione sartoriale dei rivestimenti con la meccanica di schienale e braccioli, offrendo un prodotto tecnico e estremamente estetico.

Varia elegance combines the sartorial decoration of the coverings with the mechanics of back and arms, offering a technical and extremely aesthetic product.

Varia Classic

Varia Classic nasce dall'idea di coniugare la decorazione sartoriale bicolore con materiali strutturali di schienale e braccioli, offrendo un prodotto tecnico e estetico, mantenendo i requisiti richiesti nella norma europea EN1335.

Varia Classic was born from the idea of combining the two-color sartorial decoration with structural materials of back and armrests, offering a technical and aesthetic product, maintaining the requisites required by the European standard EN1335.

Varia Classic est née de l'idée de combiner la décoration vestimentaire bicolore avec les matériaux structurels du dos et des accoudoirs, offrant un produit technique et esthétique, en conservant les exigences requises par la norme européenne EN1335.

Il segno distintivo di Varia Classic è la decorazione sullo schienale, uno schema decorativo che esalta le qualità di tappezzeria della poltrona unendo sapientemente materiali differenti per creare un decoro strutturale.

The distinctive feature of Varia Classic is the decoration on the backrest, a decorative scheme that enhances the upholstery quality of the armchair by knowingly combining different materials to create a structural decoration.

Le caractère distinctif de Varia Classic est la décoration du dossier, un schéma décoratif qui rehausse la qualité de rembourrage du fauteuil en combinant sciemment différents matériaux pour créer une décoration structurale.

Gap

La forma ergonomica dello schienale appositamente disegnato sostiene delicatamente la zona pelvica riducendo la rotazione del bacino e della colonna vertebrale. La forma della postura è stata progettata per offrire all'utente un benefico supporto lungo la spina dorsale e nella zona lombare con una maggior distribuzione omogenea del peso. L'angolo frontale della seduta a forma di saponetta riduce o annulla la pressione e problemi di circolazione sanguinea delle cosce.

With its ergonomically designed back shape it gently supports the pelvic girdle and reduces the tendency of the pelvis to rotate backwards when the user sits down. The shape of the posture seat has been designed to encourage the user to take advantage of the special back, in addition to providing superior support characteristics for even weight distribution. A distinct waterfall front-edge profile to the contoured, posture seat reduces the pressure under the thighs.

Avec son design ergonomique, supporte doucement la zone pelvienne et réduit la tendance à la rotation vers l'arrière du bassin dans la position assise. La forme de l'assise a été dessinée pour encourager l'utilisateur à avoir un meilleur avantage du dossier en permettant un support supérieur et une meilleure distribution du poids. Le profil frontal de l'assise avec sa forme spécifique et arrondie réduit la pression sous les jambes.

La Gap collection utilizza nei sedili schiuma imbottita ad alta densità che offre effetti benefici ed ergonomici all'utilizzatore.

Questa schiuma a cella aperta ha una densità di 50 kg/m^3 , garantita lunga vita e "high confort" a lungo termine, non deformabile con capacità di traspirazione e resistenza all'umidità

The Gap collection use in the seats padded with high density foam that provides beneficial effects and ergonomic user. This open-cell foam has a density of $50 \text{ kg} / \text{m}^3$, guaranteed long life and "high comfort" long-term, non-deformable with capacity of perspiration and moisture resistance.

L'utilisation de collection Gap dans les sièges rembourrés avec de la mousse haute densité qui offre des effets bénéfiques et l'utilisateur ergonomique. Cette mousse à cellules ouvertes a une densité de $50 \text{ kg} / \text{m}^3$, et garantit une longue durée "grand confort" à long terme, non déformable avec une capacité de résistance à la transpiration et de l'humidité.

GAP utilizza un esclusivo supporto lombare "tecnologico" regolabile che procura un comfort immediato e reale con la possibilità di adattare "su misura" la seduta permettendo così che ognuno sia correttamente supportato

GAP is using an exclusive designed technological lumbar device which provides superb long-term comfort with the ability to "tailor fit" the chair to ensure each and every user is supported correctly.

GAP utilise un mécanisme de réglage de l'appui lombaire de type exclusif avec l'habilité de s'adapter parfaitement dans chaque siège aux différents utilisateurs et capable de fournir un support correct.

Trim

La forma ergonomica dello schienale appositamente disegnato sostiene delicatamente la zona pelvica riducendo la rotazione del bacino e della colonna vertebrale. La forma della postura è stata progettata per offrire all'utente un benefico supporto lungo la spina dorsale e nella zona lombare con una maggior distribuzione omogenea del peso. L'angolo frontale della seduta riduce e/o annulla la pressione e problemi di circolazione sanguinea delle cosce.

With its ergonomically designed back shape it gently supports the pelvic girdle and reduces the tendency of the pelvis to rotate backwards when the user sits down. The shape of the posture seat has been designed to encourage the user to take advantage of the special back, in addition to providing superior support characteristics for even weight distribution. A distinct waterfall front-edge profile to the contoured, posture seat reduces the pressure under the thighs.

Avec son design ergonomique, supporte doucement la zone pelvienne et réduit la tendance à la rotation vers l'arrière du bassin dans la position assise. La forme de l'assise a été dessinée pour encourager l'utilisateur à avoir un meilleur avantage du dossier en permettant un support supérieur et une meilleure distribution du poids. Le profil frontal de l'assise avec sa forme spécifique et arrondie réduit la pression sous les jambes.

Il poggiatesta è disponibile come optional nelle versioni con base girevole.

Le support lombaire est disponible en option dans la version de base de pivot.

The back support is available as an option into version with swivel base.

Tavolino disponibile in 3 dimensioni con gambe in legno e piani in nobilitato, la linea leggera e morbida del piano sembra far galleggiare il tavolo come carta sorretta solo dalla struttura delle gambe. Le colorazioni dei piani in grigio ciottolo o cashmere abbinate alle gambe in faggio naturale o colorazione wengé, completano e rafforzano la versatilità del prodotto.

Coffee table available in 3 sizes with wooden legs and melamine tops, the light and soft line of the floor seems to float the table as a paper supported only by legs structure. The colors gray pebble or cashmere matched with natural beech legs or wengé color, complete and confirm the versatility of the product.

Manutenzione:

Spolverare delicatamente e in caso di macchie lievi passare la superficie con un panno umido o con una soluzione di detergente neutro, risciacquando con acqua, senza strizzare. Lasciare asciugare al rovescio evitando l'esposizione diretta alla luce del sole. Stirare al rovescio a bassa temperatura. Per le macchie localizzate e più ostinate (olio, grasso, cosmetici, inchiostro, caffè, liquori, chewing-gum ecc.) si consiglia di seguire le seguenti istruzioni: disciogliere tempestivamente la macchia con alcol etilico diluito (liquido incolore) in acqua al 20%, tamponare e trattare successivamente con una soluzione di detergente neutro, risciacquare bene.

Avvertenze generali:

I colori chiari, non devono essere messi a contatto con tessuti e capi d'abbigliamento trattati con coloranti non fissati, o con scarse solidità di tintura, onde evitare macchie ed aloni di coloranti di cui non possiamo garantire la pulitura.

Maintenance:

Dust gently and in case of light stains pass the surface with a damp cloth or a neutral detergent, rinse with water without squeezing. Let the fabric dry inside out avoiding direct exposure to the sunlight. Iron to the reverse at low temperature. The following instructions are recommended for small located and more obstinate stains (oil, fat, cosmetics, ink, coffee, liquor, chewing-gum etc.): dissolve immediately with clear ethylic alcohol diluted in water to 20%, dab and then treat with a neutral detergent solution. Rinse abundantly.

General warnings:

To avoid permanent stains, the lighter colours of the article should not be brought into contact with textiles and clothing coloured with unfixed dyes. We cannot guarantee the ability to remove unknown dyes from light coloured product.

Note: we reserve the right to alter technical specifications without notice.
