GARZON FURNITURE

Garzon Furniture Corporation
H-8000 Székesfehérvár, Bakony u. 4.

Garzon Furniture Corp is a company with rich history, going back over 70 years.

Building on its strong capabilities and broad references in residential, office, dormitories, hospitality and healthcare in Europe Garzon Furniture is now also supplying customers across North America.

70 years of experience

100,000 Hundreds of thousands of furnished homes

1000 Thousands of completed projects

In 2021 **Garzon Furniture Corporation** produces wood products for public and commercial projects in Hungary, Europe and in the USA in the following areas:

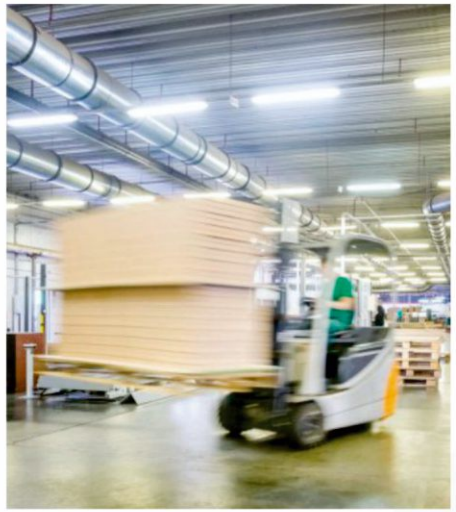
- **Office furniture,**
- **Healthcare,**
- **Education,**
- **Culture,**
- **HORECA,**
- **Retail stores,**
- **Real estate / condo development,**
- **As well as components / parts for all verticals**

The **GFC** production plant is the main manufacturing location with high volume production capacity and fast changing, flexible working method.

The strengths of the factory are in medium and high-volume serial production, working with chipboard, compact panels, layered wood, MDF to produce products that satisfy the most demanding requirements.

GFC's production site covers a total of 9400 m^2 (over 100000 sq feet) and includes the production plant, warehouse and offices.

138 highly qualified employees manufacture each month hundreds of thousands pieces of furniture or furniture parts.



In 2017 the entire production plant was completely updated with brand new manufacturing and quality controll equipment.

All machines are CNC controlled. We use best in class equipment such as:

- HOMAG Optimat ABD260 CNC-Drilling and Dowel Inserting Machine
- HOMAG Profi KFL526 / Double-sided press and edge-bander
- HOMAG Optimat BHX 500 CNC machine
- HOMAG Automation MDE120 feed-through press.

Main material suppliers:

Panels:

- FALCO (member of Krono group with Hungarian production)
- KASTAMONU
- EGGER
- PFLEIDERER
- FUNDERMAX
- KAINDL
- FORMICA
- POLYREY

Built in parts:

- BLUM
- HAEFELE
- DEMOS
- LEHMANN
- HETTICH
- FOREST

Sustainable and equal opportunity manufacturing are key aspects of Garzon Furniture:

Our raw materials are certified eco-friendly:
We use only FSC certified wood materials as well as safe and sustainable glues and other raw materials.

Employment practices: we are an equal opportunity employer and we have a team that focuses on giving work opportunities to persons with disabilities.
We take every single step to ensure that our machines are not wasting energy and are leading to the lowest possible carbon footprint. For example we are in the process of installing solar generation to further reduce our impact on the electrical grid.

An ongoing focus on sustainability focused innovation are key aspects of our work.

Social responsibility:

Garzon Group regards social responsibility as another key dimension of its activities.
Our main areas of interest spans from sponsorships, the support of sport clubs and young talents program, to the support of retired Garzon employees, to supporting schools, collaboration with universities, or blood donating programs.
